2010 *TAURUS* Let the new Game Begin

Beginning with the first generation Taurus, this car has been all about innovation and blazing new trails. The new 2010 Taurus is no different. From its athletically sculpted exterior and sophisticated interior to class exclusive technologies, Taurus is all about setting new standards for others to follow.

The sculpted exterior styling of Taurus is alluring, this is a car that people want to drive. The interior reaches new levels of quality, with premium materials and thoughtful styling throughout. Plus, because it is a Taurus, there are a host of smart new features that cater to the driver's every need.

Taurus is available in four trim levels for 2010, each building on the previous: SE, SEL, Limited, and SHO. Every Taurus is equipped with premium features such as: MyKey™ programmable ignition key, Easy Fuel™ capless fuel filler system, SecuriCode™ Keyless entry keypad, Advance Trac® Electronic stability control, tilt/telescoping steering wheel. Each trim level is available with popular options such as SYNC® (now with traffic directions and information), premium audio systems and reverse sensing system.

The new 2010 Taurus is designed with performance, fuel economy and technology features that complement the driver's needs. These smart features enhance the comfort, convenience and safety of the driver and passengers alike for an exceptional experience.

Taurus give you no less than 10 class exclusive features:

- 1) **3.5L EcoBoost™ V6** - mated with the 6 speed Select shift Automatic™ transmission with paddle shifters.
- 2) **Adaptive Cruise Control and Collision Warning with Brake Support** first and only vehicle in it's class to offer this feature.

Adaptive cruise control allows the driver to set a cruising speed and uses radar technology to monitor moving traffic ahead and maintain a safe distance between vehicles. Collision warning also uses radar technology to monitor traffic ahead and alert the driver of a concern with a visual and audible warning. Brake support initiates a three phase response that utilizes Brake Assist to help the driver stop quickly.

- 3) **MyKey™** allows you the ability to: Restrict vehicle top speed, restrict the disabling of certain safety features, restrict maximum audio volume and establish earlier low fuel warning indicator.
- 4) **BLIS™** warns the driver of vehicles approaching their blind zone and Cross Traffic Alert operates while the vehicle is in reverse, when backing out of a parking space.
- 5) **Multi-Contour front seat with Active Motion™** helps reduce driver fatigue in the legs and lower back by changing the contour of the seat back and cushion.
- 6) **SYNC®** with 911 assist and vehicle health report.
- 7) **SYNC®** with Traffic, Directions and Information.
- 8) **Easy Fuel™ capless fuel filler system** This industry first feature eliminates the need for a fuel filler cap and helps make fill-ups easier.
- 9) **SecuriCode™ Keyless Entry Keypad** lets the driver lock/unlock the doors and open the trunk by using the numbered keypad on the driver's door.
- 10) **Voice-activated Navigation System with integrated SIRIUS Travel Link™** provides audible step-by-step route guidance and voice-activated climate control, plus real-time traffic and weather reports.

Winter Day Trip-Snow Tubing at Hunter

Our Snowtubing Park features:

Up to 9 chutes, each nearly 1,000 feet long.

Two tube tows to haul you back to the top

There is a minimum height requirement of 42".

Hours and Prices

Hours:

Fri: 5pm-9pm (non-holiday) / 9am-9pm (holidays)

Two Hour Sessions: 5-7pm or 7-9pm: \$18

Sat: 9am-9pm

Two Hour Sessions: 9-11am, 11am-1pm, 1-3pm, 3-5pm, 5-7pm

or 7-9pm: \$18

Sun: 9am-5pm

Two Hour Sessions: 9-11am, 11am-1pm, 1-3pm, 3-5pm: \$18

Hours may change - please call ahead to 800-486-8376.

QUOTE OF THE DAY

Edna Frohock - "Summer, fall, winter, spring, The seasons rotate as each brings its special beauty to this earth of ours. Winters' snow and Summers' flowers Frozen rivers will flow come spring, There is a renewal of everything."

Braised Beef Short Ribs

Ingredients

3 cups flour

2 tablespoons garlic powder

2 tablespoons onion powder

3 tablespoons kosher salt

2 tablespoons black pepper

8 beef short ribs (about 6 ounces each)

4 tablespoons olive oil

2 cups chopped onions

2 cups chopped celery

2 cups chopped carrots

2 cups red wine

1 head garlic, papery outer husks removed, cut in half (about 12 cloves)

2 sprigs fresh rosemary

4 sprigs fresh thyme

Low-sodium beef broth, enough to cover ribs (about 32 Oz)

Preparation

1) Heat oven to 300°F. 2) Combine the flour, garlic powder, onion powder, salt, and pepper in shallow bowl; mix well. Dredge the short ribs in the seasoned flour and shake off the excess. 3) Heat the olive oil in a large braising pan or oven-proof casserole over medium-high heat. Working in several small batches, sear the ribs until well browned on all sides. Remove from pan and set aside. 4) Lower heat to medium, add the onions, celery, and carrots; cook until well browned and caramelized. 5) Add the red wine, garlic, rosemary, and thyme and simmer until liquid is reduced. 6) Return beef short ribs back to the pan; add beef broth to almost cover the ribs. 7) Braise covered in oven for 2 to 3 hours, or until the meat is tender and falling off the bone. 8) Carefully remove the beef ribs from the pan and arrange on a serving platter; pour braising liquid through a fine sieve strainer; arrange the vegetables on platter. 9) Bring braising liquid to a boil, reduce heat and simmer to desired consistency. To serve, pour sauce over short ribs and vegetables.
