

All NEW. All wheels. All roads. All the time. 2010 Outback

All-condition Performance

Remote hiking trails? Muddy single track? Powdery ski run? Whatever fills you with wonderlust, the outback has what it takes to fill you with confidence on your journey there. Subaru Symmetrical All-Wheel Drive holds tight to virtually any surface you encounter on the way. Opt for the efficient 2.5i and get smooth, reliable performance to power you through. Or, get the 3.6R and have 256 horsepower seamlessly on tap. If the way turns rough, 4-wheel independent suspension with class-leading ground clearance with help you take it on. And the Outback now features a double wishbone design rear suspension and improved wheel articulation to combine smooth-riding comfort with inspiring responsiveness,

Lineartronic CVT

The price of performance has just been reduced. Lineartronic Continuously Variable Transmission, now available on Outback 2.5i models, can save you gas money and shrink your carbon footprint. This innovative technology infinitely adjusts the transmission to match your acceleration needs - maintaining the optimal rev range at all times. The need to shift is removed, and vehicle momentum is preserved, thereby reducing fuel consumption.

Cargo Capacity

From mountain bikes to water bottles, the all-new Outback is better equipped than ever to conveniently load all the gear that goes along with embracing your adventurous side. Keep more items conveniently at hand with an array of compartments, pockets sized perfectly for a cell phone or an MP3 player, and a two stage center console bin, among others. In the back, cargo hooks that fold flush when not in use help keep items where they belong. And the under floor cargo area storage compartment keeps valuables safely and discreetly stowed, as well as having a spot perfect for storing the retractable cargo cover.

Integrated Roof Rails

When gear has to go on the outside, the Outback can easily accommodate some pretty heavy duty equipment. The easy to reach roof rack system - standard on the Outback - will hold up to 100 pounds. And because Subaru has a wide selection of accessory attachments available, it can quickly be made to accommodate your particular idea of adventure.

Retractable Cross Bars

This unique design features cross bars that fold up into the roof rails. It's a convenient way to reduce wind noise and improve the vehicle aerodynamics.

Turkey Shepherd's Pie with Holiday Leftover

Ingredients

- 2 cups leftover turkey meat
- 1 cup chopped carrots
- 1 cup chopped celery
- 1 cup chopped onion
- 2 bay leaves
- 1 teaspoon dried thyme
- 2 cups reduced-sodium chicken broth
- 1/2 cup frozen green peas
- 1 1/2 cups leftover mashed potatoes
- Salt and pepper

Directions

Preheat oven to 400 degrees F.

In a large saucepan, combine turkey, carrots, celery, onion, bay leaves, and thyme. Pour over chicken broth and set pan over high heat. Bring to a boil. Reduce heat to medium and simmer 5 minutes, until liquid reduces slightly. Remove bay leaves. Remove from heat and stir in peas.

Transfer turkey mixture to a deep-dish pie plate or shallow casserole dish placed on a baking sheet. Spoon mashed potatoes over top and, using the back of a spoon, make an even layer.

Place pie on a baking sheet and bake 15 minutes, until top is golden brown and filling is bubbly.

Like ornaments, thoughts of special people brighten the season and warm our hearts

Seasons Greetings

As the Holiday Season is upon us, and the year is coming to an end, all of us here at Lacy's would like to thank all of our great customers for a wonderful 95th year in business. Without all of you, our success would not be possible. We wish you, your family, and your friends a Joyous Holiday Season. Looking forward to serving you in the

Little Known Fact

It was around Christmas 1851 when a farmer in the U.S. state of New York's Catskill Mountains, Mark Carr, began a journey with two oxen drawn sleds toward New York City with a crop of Christmas trees in tow. When he arrived in New York, the first Christmas tree market was born from which he sold all the trees. Though Christmas trees have been sold commercially in the United States since Carr's 1851 journey from the Catskills, the first American Christmas tree farm was not established until about 50 years later. Until then, most U.S. Christmas trees were simply harvested from forests.

The parade of lights will be held on Friday November 27, 2009, rain date Saturday, November 28. The parade will step off at 7:00 PM. Last year there were 38 units in the parade and approx. 2000 spectators. The Fire Company will be bringing Santa to town at the end of the parade. After the parade we will gather in the county parking lot across from the Catskill Police Department for a tree lighting and an awards ceremony.
